THIS PROPHET PREDICTS DIRE DISASTERS FOR WORLD.

**Crank Announces Revela-
tions From God Assur-
ing Universal War.**

**Within Twelve Months All Eu-
rope Will Be Fighting, and
United States, Too.**

**Instead of a Millennium There Will
Be Weeping, Wailing and
Gnashing of Teeth.**

Special to The Tribune.

YORK, Pa., April 5.—Lee Spangler, a prosperous grocer of this city, who styles himself "The Last Prophet," and who for twelve years has been predicting the end of the world in 1906, announces recent revelations from God on the war in the East. Spangler said:

"I predicted the war between Russia and Japan as early as last autumn, when I also prophesied the illness and subsequent death of Mark Hanna. Both these events were revealed to me in visions. The Eastern war is but the feeble beginning of the terrible and widespread wars that are to precede the destruction of the world and the coming of Christ.

"Inside of twelve months all Europe will be at war and the United States will be involved. Terrible wars will be waged in our own country and in other parts of the world. Spain is the country that will be the theater of the most terrible war that has ever been waged in the history of the world.

"President Roosevelt will be re-elected. His administration will be the strongest that has ever fallen to the lot of any of the men who have occupied the White House. The Chicago theater fire and the recent mine horror in Allegheny county are insignificant to some of the terrible disasters that are to follow as potent evidence of God's power and his just wrath over the direful wickedness of the world.

"There will be no millennium, but instead of a reign of peace there will be wailing and gnashing of teeth. There was no millennium preceding the flood. Conditions then were just as they are now. The world was filled with non-believers and scoffers. There is nothing in the Scriptures portending an era of peace before the destruction if they are rightly interpreted.

Spangler claims to have frequent divine visions in which he sees the things he predicts set forth. While the war in South Africa was in progress, Spangler wrote a letter to Queen Victoria predicting her death. He also predicted the assassination of William McKinley and wrote him a letter to that effect four months before the Buffalo tragedy.

HEART OF GOTHAM BOY TO BE SHIFTED

**Burgeons Will Transplant Organ
From the Right to the Left
Side.**

Special to The Tribune.

NEW YORK, April 5.—One of the most recent operations known to medical science will be performed in a few days on six-year-old Van Norden Pant, who is to have his heart transplanted from the right side of his body to the usual working sphere of every well organized heart.

All his life the little fellow has been laboring with a heart that has been twisting from the right side of his breast to the left. He is of ordinary height, well developed, and healthy, but his mother declares that he is the most excitable youngster in the world.

The least sudden noise will cause the boy's heart to beat with incredible rapidity. For some time Dr. E. P. Grauman has been studying the case. "Van Norden's case," said Dr. Grauman today, "is one of the most peculiar I have ever had to deal with. I cannot make any statement until I have performed the operation."

DAN SULLY'S WIFE HANDS OVER \$150,000

NEW YORK, April 5.—Believing her appearance on the witness stand in the bankruptcy examination on before a court Commissioner would subject her to unpleasant remarks, Mrs. Daniel J. Sully decided today to assign to the receiver her claim to the \$150,000 of surplus money accruing to the F. W. Reynolds company from the sale of Sully's hypothecated cotton.

IOWA REPUBLICANS SAY HEPBURN RUN AGAIN

CRESTON, Ia., April 5.—The Republican Congressional convention of the Eighth Iowa district today renominated Congressman William P. Hepburn.

The resolutions of the "stand pat" variety are opposed to the "Iowa idea," endorse the National and State administrations, and recommends Senators Dolliver and Allison, Gov. Cummins and Joseph W. Blythe of Burlington for delegates-at-large to the National convention.

SENATE PUZZLED OVER BURTON CASE

**Kansas Man Can Be Deprived of His
Seat Only by Two-Thirds
Vote of His Colleagues.**

Special to The Tribune.

WASHINGTON, April 5.—The case of Joseph Ralph Burton, senior Senator from Kansas, is presenting a grave problem to the leaders of the Senate. The fact that Burton has been convicted of a crime, which renders him ineligible for any office of honor, trust or profit under the United States, and which involves his honor as a Senator, would naturally lead the Senate to consider his case promptly and expel him from membership.

But the statute Burton is convicted of having violated is not regarded by leading Senators as working automatically to vacate his seat. He can be deprived of his seat only by a vote of two-thirds of the Senate.

It is held also, that the Senate must satisfy itself of his guilt by an examination of the testimony taken in the trial at St. Louis. The Senate is expected to have a vote on the matter before the end of the session. Burton is expected to resign his seat before the end of the session.

It is impossible to tell how long the slow process of the law will take to determine Burton's guilt or innocence. Finally, and in the meantime the members of the Senate are placed in embarrassing positions by the convicted Senator, who appears to have little sense of the proprieties. Members of the Senate are expected to have little sense of the proprieties. Members of the Senate are expected to have little sense of the proprieties.

DEATH ANGEL CALLS THREE IN FAMILY

**One Twin Dead, Another Dying and
Mother of Both at Death's
Door.**

Special to The Tribune.

NEW YORK, April 5.—While services over the body of Jacob M. Newman were being held in the Mt. Morris Baptist church his twin brother, Maltus J. Newman, lay dying at his home, 2005 Fifth avenue, and in an adjoining room their aged mother was making a feeble fight against death.

Abraham Newman, who was found dead two weeks ago in his store on the Bowery, was a brother of the twins. They believed that he had been murdered, and his death shocked them deeply. They became depressed, Jacob especially so. Congestion of the brain set in and Jacob died on Monday.

Maltus was sympathetically affected, and when he learned that Jacob was dead his condition became grave.

There was always a peculiar sympathy between the twins. When one suffered pain the other was similarly affected, and when one was joyful his brother was equally happy. Neither had ever married. Both were members of the Republican organization of the Thirty-first assembly district; they joined the same societies and clubs, and there one went where the other went.

When Maltus obtained the Republican nomination for the Assembly in 1902 the voters could not tell the candidate from his brother, which occasioned much confusion and considerable humor during the campaign.

Mrs. Newman, mother of the twins, was taken ill on Tuesday morning over the death of her two sons, and, because of her advanced age, it is believed she will not survive.

The twins were members of Bunting lodge, F. and A. M., and of the Order of the Mystical Shrine, Mecca Temple.

Special to The Tribune.

CODY, Wyo., April 5.—"Buffalo Bill," otherwise W. F. Cody, he of "Wild West" show fame, will not have an easy time in securing a divorce from his helpmeet of nearly forty years' standing.

Mr. Cody does not intend to appear in court. Recently he told his story before a Court Commissioner in Denver, making affidavit that on a specified date his wife tried to poison him.

The wife has read the affidavit made by "Buffalo Bill," and is dissatisfied. A supplemental answer has been made by Mrs. Cody. This answer calls for a bill of particulars, and here it comes.

"Comes now the defendant and moves the court to require the plaintiff to make the first cause of action set out in his petition, more definite and certain in this:

"First—By stating the dates that defendant, prior to December 26, 1900, threatened to poison plaintiff.

"Second—That plaintiff be required to make his second cause of action in his petition more definite and certain by stating the dates that defendant drove plaintiff from his home in North Platte, Neb.

SAN FRANCISCO, April 5.—Charles V. Clark of San Mateo, Frank R. Stier of Helena and William Falconer, administrator of the estate of Edward L. Whitmore of Butte, Mont., were made defendants today in a suit brought in the United States Circuit court by the Rosario Mining and Milling company, with head offices at Fort Worth, Tex., to recover \$400,000 for breach of contract.

The complaint alleges that the mining company gave the defendants an option on the mines in the district of Mina, in Chihuahua, Mexico, and that Clark refused to carry it out.

**All Day Battle Between Can
Workers and Body of
Greeks.**

**Many of the Combatants Injured
Despite the Efforts of the
Police.**

CHICAGO, April 5.—The strike rioting at the American Can company's plant in this city today was fiercer than it has been at any time, and one man, John Nichols, lost his life by a bullet fired, it is said, from a train on which a number of non-union men were being taken back to the city after the conclusion of the day's work.

The fighting began early in the morning, when 300 Greeks who have been employed during the strike, attempted to enter the factory.

They were met at the gates by a large number of union pickets, who attacked them with stones and clubs. A large detachment of police had their hands full to protect the Greeks, when a shot fired from the crowd aroused the Greeks to fury.

Those of the number who had entered the factory came pouring out, armed with knives and revolvers and attempted to attack the union men and their sympathizers, who were assaulting the Greeks who had not reached the gateway.

The police, after a desperate struggle, managed to keep the two bodies of men apart, drove the Greeks into the factory and dispersed those on the outside. In this fight a number of men were severely hurt.

At night when the 300 Greeks left the factory they were attacked by a mob fully 1000 strong, that pelted them with stones, sticks and bottles. The police escorted them to the train without anybody having been seriously injured, although quite a number of men on both sides were bruised.

After the Greeks had reached their train, it is said, somebody on the cars fired a shot, the bullet killing Nichols instantly.

HISTORIC SAPLING FOR
WHITE HOUSE GROUNDS

WASHINGTON, April 5.—A historic oak sapling will be planted in the White House grounds next Thursday. Secretary Hitchcock will supply the tree, and in connection with it today told the President a pretty story.

Many years ago Charles Sumner sent to the czar of Russia some acorns from a stately oak which overhangs the tomb of Washington at Mount Vernon. The czar caused the acorns to be planted in the grounds at his Moscow palace.

Some of them developed into fine saplings, and it is one of them that is to be planted in the White House grounds on Thursday.

The planting, which is to be done at the instance of President Roosevelt, will be without ceremony.

SMOOT WITNESSES CALLED EAST

**Papers Served on John Henry Smith,
B. H. Roberts and Angus M.
Cannon—Others Listed.**

The following witnesses have been summoned to appear before the Senate Committee on Privileges and Elections in the Smoot case April 20th:

Angus M. Cannon, Salt Lake. George Treadwell, Nephi. John W. Taylor, Salt Lake. John Henry Smith, Salt Lake. J. M. Tanner, Salt Lake. E. E. Alcott, Farmington. B. H. Roberts, Salt Lake. Moses Thatcher, Logan. Robert J. Grant. Matthias F. Cowley. Lillian Hamlin, Salt Lake City.

Of the above papers were served by United States Marshal Heywood and his deputies on John Henry Smith, Angus M. Cannon and B. H. Roberts.

John Henry Smith is suffering from an attack of rheumatism and is unable to be out of bed.

B. H. Roberts, when asked about his going to the Chicago trial, said that he knew nothing as to the reasons of his being summoned. He had no statement to make and would know nothing until he arrived in Washington.

President Angus M. Cannon was disposed to be facetious about the matter. He told Marshal Heywood that he was perfectly willing to go; but that it was usual when transporting cannons to provide such a way for them as to be of service to the subpoena, he said.

"Why the only reason that I can think of is that the Senate have a kindly feeling for me and want to give me a free outing. Or else my fame has reached them in such a way that they are anxious to see me and see what I look like. I don't know what there is that I know that will give me a good opinion of myself, and I think I know a great deal, but whether any of them need me I am not sure. There is no more loyal citizen to my country than I am, and I will need them all along and ready to go. Especially if my country furnishes me with transportation."

HELLO GIRL GETS
\$15,000 FOR SHOCKBolt of Electricity Destroyed Her
Hearing and She Sued the
Telephone Company.

Special to The Tribune.

CHICAGO, April 5.—Miss Mary Schultz, formerly an operator of the Chicago Telephone company, was awarded a verdict of \$15,000 against the company to compensate her for the loss of hearing in the left ear by a jury in Judge Haney's court.

The accident which resulted in the young woman's deafness occurred April 22, 1900. Miss Schultz, then 17 years old, was employed as an operator at the switchboard station of the telephone company.

While she had the receiving apparatus around her head answering calls, a bolt of electricity was transmitted through the wires with such force that she was thrown to the floor.

Sister operators rushed to the young woman's assistance and found her unconscious from the shock. She remained unconscious for an hour and was ill for several weeks.

Miss Schultz was not aware of the permanent injury to her ear until she again reported for work. She then discovered that she had lost the hearing in her left ear.

In June, 1901, Miss Schultz began her suit against the company, asking for \$50,000 damages.

The telephone company strongly contested the case, attempting to prove that Miss Schultz was subject to epileptic fits and had received her injury in this manner. The attorneys for the operator refused this claim, alleging that negligent conduct of the line men of the company was responsible for the accident. A verdict in favor of the young woman was returned by the jury after it had been out for an hour.

In one of the fiercest ring battles ever seen in this city, "Battling" Nelson of Chicago won from "Spider" Welch of San Francisco last night at the Salt Palace. The mill went sixteen grueling rounds, and when Welch staggered to his corner after receiving a series of rights and lefts, to the head

of the crowd, the referee declared the fight over. Welch was knocked out in the sixteenth round.

"Battling" Nelson.

and stomach, Referee Willard Bean stopped the combat and gave the decision to Nelson. Welch was not out, but he was clearly whipped, and it would not have required more than another punch to end the battle.

Scarcely had Welch toppled into his chair than he lapsed into unconsciousness, and it was some forty minutes later before he realized what had happened. His face and mouth were out and his stomach was banded by the fusillade of blows poured in by the stocky Little Chicagoan.

Nelson was unmarked save for a bruise under his left eye and a slight abrasion on his nose. He, too, received much punishment, but the blows did not seem to bother him, except on one or two occasions.

Twice Saved by Gong.

Twice during the fight Nelson had Welch at his mercy, and twice the time-keeper's gong saved the Californian from being put out. In the fourth round, after his man, and with a perfect hurricane of blows carried Welch to the ropes. Swinging around with landed on the Californian's jaw and stomach, and when the gong sounded he was staggering and all but out. By an almost superhuman rally Welch gathered himself in the following round and by stalling and running away managed to stay, despite the efforts of Nelson to land a dreamland punch.

Again in the fifteenth, Nelson landed a terrible right swing in the vicinity of Welch's solar plexus that made the coast man groggy. By following up his advantage with a series of right and left swings to the head, the Windy City fighter sent Welch to the floor, but for the timely interference of the gong, the Californian would have gone out.

In the intermission Welch's seconds applied restoratives and worked on Welch's eyes, which had closed gamely. They did not succeed, however, for when Welch took the scratch at the call of time in the sixteenth he was too weak to defend himself.

How the End Came.

At the tap of the bell Nelson tore after his man, attempting to score a knockout. For a few seconds the Californian managed to avoid the furious onslaught of the Chicago fighter, and gamely tried to stall off the inevitable. Rushing Welch to his corner, Nelson beat down his opponent's guard and rained blow after blow on the Californian's body. Welch staggered, and when he was again on his feet, he was too far gone, however, and a moment later Nelson planted a vicious left swing that completely dazed the plucky
